## Song Book Creation

Your new Miic Star MS-62 Karaoke System has a very handy feature of creating a songbook for all your MP3+G and MP4 Karaoke Files that are formatted correctly in the **MYSONGS** folder.

### **Step 1**

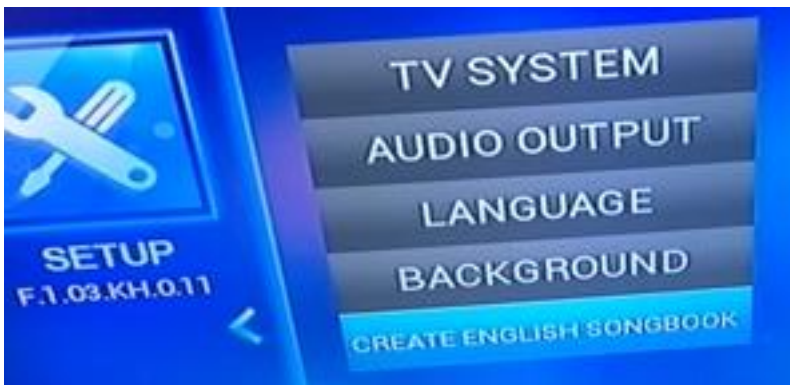

Have all your songs loaded into the MYSONGS folder of the SD card and formatted correctly.

### **Step 2**

Press SETUP button on the remote

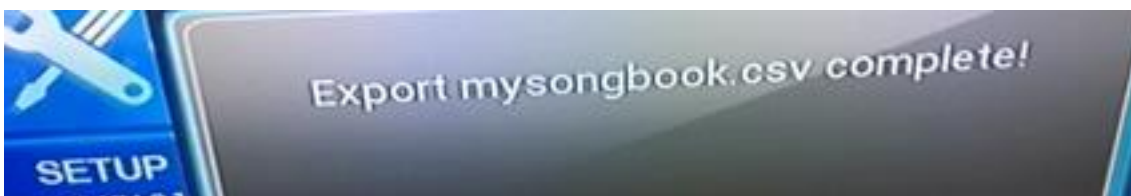

### **Step 3**

Select EXPORT ENGLISH SONGBOOK

### **Step 4**

Press OKAY and wait a few minutes, it will tell you when its done.

### **Step 5**

Once completed, you can insert the SD Card into your computer, and in the root directory you will see a MYSONGS SONGBOOK.csv file. You can simply open and print this.

### **Step 6**

When using the unit, simply type in the number of the song you want to using the remote
